You r not turning off sense. Terms and ConditionsPrivacy PolicyHELPCopyright 2018 HTC Corporation. I do not have the option for Home. Something I was curious about. What you are doing here is just choosing to use the standard Android Home instead of the Sense Home. Anonymous Hi, i have a htc desire but facebook for htc sense is uninstalled, can anyone tell me how to reinstall it please Filip Cvejic i was looking to disable it completely not just change the launcher!!! Jclee1992 Im looking for disable completely too because im using HTC evo 3D and i have root + MikMik Rom but there have sense 3.5 which i want to disable it because i was using FullScreen Caller ID pro but it just delay because it goes to the Sense Lockscreen when someone call me. Lars I was excited to see the topic of this tutorial, since I've wondered myself how to best turn off the Sense UI. Dave S THANK YOU!!!! Noah, our 1 1/2 year old somehow got a hold of the Mommies cell phone (while it was in Toddler Lock) and turned off the HTC Sense user interface. This will be downright irritating 5a02188284
